 Side Meat Market.

"JUST ROTTEN"

"I'm feeling just rotten!" "You look
 it—why didn't your folks keep you in
 order with Pyrox? It would have saved
 fed that rotten feeling before it began."
 "Potatoes are rotting badly in this
 section, but mine, which were well
 sprayed with Pyrox, say four or five
 times with 50 to 100 gallons of spray
 to an acre, are very free from dis-
 ease."

"I have dug some of my potatoes
 and they have a record crop, all
 smooth and cooking well, largely due
 to timely spraying with Pyrox." —
 Jos. Howland, Bristol County, Mass.
 Pyrox disposes of the bug and
 blight question on all kinds of vege-
 tables and fruits. If you believe in
 growing good products, free from
 disease and insect damage, see The

BUY WAR SAVINGS STAMPS

TOES NO BAR
 Billings, Mont., June 17.—He was
 told that he had no toes, but
 William Lundborg, an office manager
 of this city, still insisted on enlist-
 ing in the Marine Corps.

There was an extra pedal ap-
 pendage on each foot.
 "Will you accept me with only
 ten?" asked Lundborg.

He was given an affirmative an-
 swer. The would-be Sea Scout was
 hurried to a surgeon, and spurning an
 anaesthetic, calmly watched the am-
 putation. In a few days he will be
 wearing the Marine uniform.

The President

Appeals To You—

Carrying the burdens of the greatest war of all times, President Wilson calls for aids upon the people of America. He asks "every man, woman and child to pledge themselves on or before June 28 to save constantly and to buy War Savings Stamps as regularly as possible."

The week of June 24 to 28 will be known as National War Savings Pledge Week.

"The war is one of nations—not of armies" said the president, and all of our 100,000,000 people must be economically and industrially adjusted to war conditions."

Let your first adjustment be upon the financial side. This war will be won by our resources in money and material as much as by our men.

With the glories of civilization menaced as never before,

Pledge Yourself NOW!

Ohio calls for scores of millions pledged in that week. To get this it is necessary that there be many thousands of limit pledges, and that everybody pledge something. A limit pledge is buy \$1000 in face value before December, 1918.

It is the call of all you hold dear, your safety, threatened as never before; your liberty, in the balance of the battlefields of France; your home life, your business, both worthless if the Hun wins, and finally your personal standing as a man, in danger of reduction to a slave of military might.

Lend To Protect Yourself!

The events of the last few weeks show that this is not imaginary. The events of this week will show whether the American people are now ready to answer, meet and overcome the attack on civilization.

The amount you pledge will show your willingness to measure up to your ability.

Pledge \$1000 in War Savings Stamps.

If you cannot, pledge all you can—\$500, \$400, \$300, \$200, \$100.

But pledge it this week!

The War Savings organization of this County will provide this opportunity to pledge yourself. Get in touch with these patriots.

Every Letter Carrier, every Boy Scout, every School Sammy, every bank, most stores, and every patriot will co-operate in this great effort.

You need only give your word and the government agencies, supplemented by the hundreds of patriotic workers, will meet your terms and deliver the stamps.

"May There Be None Unenlisted"

An Investment for Your Welfare

"The War Savings Stamps issued by the treasury department are within the reach of everyone. To practice thrift in peace times is a virtue and brings great benefit to the individual at all times; with the desperate need of the civilized world today for materials and labor with which to end the war, the practice of individual thrift is a patriotic duty and a necessity."

Here is an investment you would be delighted to make in peace times for your financial profit.

Make it in war time for the same reason, and for the added reason of patriotism.

The INTEREST is good—4.27 Per Cent NET.

The SAFETY is unquestioned.

The PRINCIPAL, plus interest, is payable on demand.

The CERTIFICATES may be registered.

The stamps are free of all taxation.

Such an investment was never before offered by the government. It leads all others. For the safety of your money, and for the safety of your country, put all you can into War Savings Stamps.

Pledge yourself to buy a \$1000 certificate for every member of your family before June 28, or pledge to take that amount this year.

Let Ohio's pledges carry the Buckeye State "over the top." It takes \$106,000,000!

TO PLEASE YOU

THAT'S our constant aim and purpose. To please you as regards style—to please you with qualities that wear well—to please you in the way we serve you—to please you by always cheerfully and gladly replacing anything that does not prove to be as good as it ought to be.

In fact, we try to conduct this business according to the golden rule, bearing in mind always that the customer's satisfaction is of vital importance to the store's success.

Try us and we know you'll be more than pleased.

JAPAN SUBSIDIZES AUTOS
 Japan has offered every purchaser
 of an automobile truck in the empire

\$500 toward the purchase price, and
 \$150 yearly to help pay for the main-
 tenance of the vehicle, in exchange
 for the privilege of speedily command-
 ingeer motors when the occasion de-
 mands, according to advice received
 by the foreign sales department of
 the B. F. Goodrich Rubber company.

This subsidy is intended by the im-
 perial government not only for the
 quick requisitioning of cars, but also
 to promote their use and to eventu-
 ally encourage their manufacture
 within the empire. This aggressive
 action by Japan has still another im-
 portant function. Horses are scarce in
 Nippon and most of the trucking is by
 men who pull two-wheeled carts

most of the passenger traffic on the
 streets and highways is by means of
 jinrikishas. Labor is in strong de-
 mand and a more general use of mo-
 tor vehicles would release thousands
 of men for work in factories.

Japan's action will add impetus to
 the export of American-made cars
 and tires, says Goodrich officials. It
 will be several years before Japan
 will be able to produce anywhere near
 her own consumption of motor ve-
 hicles and accessories. But three con-
 cerns in Japan are now building au-
 tomobiles. One of these has made
 about half a dozen cars and another
 is assembling from parts imported
 from America. Two large shipbuild-
 ing companies are erecting automo-
 bile factories.

OBITUARY

James William Bunch, son of Elias
 and Emily Bunch, was born in Indi-
 ana January 5, 1850, and died at the
 home of Louis Behr in Dover town-
 ship on Saturday, June 15, 1918. The
 cause of his death was the result of
 a fall from a cherry tree, and oc-
 curred about three hours after the
 accident. His age was 68 years, 5
 months and 10 days.

Mr. Bunch was a man well known
 in this community, and was liked by
 all who knew him. He had a kindly
 disposition and was always friendly
 to all, and his familiar figure passing
 up and down the roads will be missed.

Mr. Bunch's wife died years ago,
 he having one daughter. Other rela-
 tives are his sister, Mrs. Bertha Mc-
 Dole of Dover township, two sisters
 in Indiana and a niece in Michigan.

The sister has asked that these
 words be read in memory of him:
 Call not back the dead departed,
 Anchored safe where storms are o'er;
 On the border land we left him,
 Soon to meet and part no more.

When we leave this world of changes,
 When we leave this world of care,
 We shall find our missing loved one,
 In our Father's mansion there.

Funeral services were conducted by
 the Rev. A. Barker from the home of
 his sister, Mrs. McDole, on Tuesday
 afternoon, June 18, and burial was
 made in the Ottokree cemetery.

Dr. F. H. Gautschi, Osteopathic
 physician of Napoleon, has been
 asked to take charge of Drs. Schultz
 and Buck's practice while they are
 in the service of their country. He
 will be in Wauseon every forenoon
 from 8 to 11, except Saturdays.
